

Exceptional productivity

↓ UHR 70-1700 NILFISK

This battery powered ride-on burnisher with a 1700 rpm pad speed and three different pressure settings, provides quiet and effective activity on large hard floor areas, such as airport terminals, shopping centres and hospitals. The extended battery run time allows an exceptional productivity.

Algunas características

- ▶ Exceptional productivity with more than 12,500 m² burnished on one single battery charge
- ▶ Center placed pad system for easy and safe operation
- ▶ Adjustable pad pressure settings for optimal result

Compact design for maximum manoeuvrability
